

SHEEP HUSBANDRY.

Feeding Economies That Can Be Studied With Considerable Profit.

By the depression in sheep and wool matters there has come a necessity for close economies in sheep husbandry altogether new. Never before have sheep-men put more system and careful study into the business than now. It has been only this which has kept the business from wide-spread abandonment. Not only have better systems of pasturage been practiced than were ever practiced before, but straw is being utilized as a general ration for sheep.

Peas, Leans and bean haulm are fed, and some foreign Russian fodder plants have been introduced, all of which promise to be real acquisitions to the sheep-raiser. A more general use has also been made of roots than formerly. Beets, rutabagas, mangel-wurzels, turnips and even potatoes and carrots have been fed to sheep with marked benefit. Brewers' grains, gluten from the glucose factories, oil cake and cotton-seed meal, have been found valuable in connection with coarse hay and wheat straw, which hitherto have been esteemed valueless alone or even in connection with corn, which has been looked upon in many regions as the natural feed for all animals, as well as sheep. Corn has been so cheap and so easily fed that we have used it to real detriment. In the Middle States the free use of corn has been measurably lessened for breeding ewes. A careful study of the question has convinced many of the bad economies we have been practicing. Hay was once considered to be not sufficient feed for wintering sheep. They had to have grain and that grain had to be corn. Now hay alone, or hay and corn-fodder, are esteemed proper and sufficient feed for a flock of store sheep, and for breeding ewes as well until near the weaning time. There are men who make a success of sheep-raising who do not feed a ton of tame hay to their sheep in a year. Not because they think straw, pea hay, corn-stalks with roots and some oats and wheat bran, to be a far more suitable and economical feed. From these methods have come more health, vigor and profit than we know of under the old systems of feeding sheep. Blue grass pastures, which have been the pride and aspiration of stockmen, have been by some replaced by new seedlings every two or three years of timothy, red clover, alsike, red top and orchard grass, as well as other mixtures of grasses and clovers. The use of old pastures has been abandoned by many stockmen. Soils are so different that what may be so highly esteemed in one locality, in another, wise, observing men reject.

There are differences in this direction that many will wonder at, that, nevertheless they plainly exist, no animal relishes a variety and change of feed and pasturage as does sheep. This has not been carefully considered, as it should be and is now to a considerable extent. There are ailments with sheep the cause of which may be directly charged to our false ideas of care and feed. We have all awakened to the conclusion that corn, corn, corn has caused the hog plague. We have concluded that any one feed was wrong for hogs and men, but never thought how nearly we keep sheep on the same system. A blue grass pasture alone has been the perfect ideal of a summer sheep range. We have known that the sheep will nip every weed, briar, bush and green thing they come in contact with every day, but we have failed to notice why. It is the demand they feel for a change of feed. On the range flockmasters notice some days that sheep will insist upon taking one route from the corral and another day quite a different one; that one day they will be determined to visit a certain water hole and another a far more distant but a different one. The reason is plain to us that they know what they want and where it is. Some days they go to the hills and some days to the level lands. We call it a notion of theirs, but when we think we know it is the desire for variety. We can profitably study these matters. There is much to learn of the habits and sanitary needs of our sheep.—*Cor. Farm and Fireside.*

—Custard Eggs: Put the washed eggs in a saucepan of cold water and let them just come to a boil, then take them up. Or, lay them in a hot tin pail, cover them with boiling water, put the top on the pail and leave them on the kitchen table for five minutes. Drain off the water, pour on more boiling water and replace the top. Wrap a hot towel about the pail, and leave it four minutes before dishing the eggs. They will be like a soft custard throughout, and more digestible than if cooked in any other way.—*Doston Budget.*

—A young man in Leominster caught a rat in a trap and then invited his friends in to see his dog kill it. The rat sought safety by running up the young man's trousers leg as soon as liberated and is still alive.

An Intrepid Bishop.

Rt. Rev. Dr. W. F. Adams, who has been elected Protestant Episcopal Bishop of Eastern Md., was consecrated Missionary Bishop of New Mexico and Arizona in 1875. On his way to his diocese he stopped at Shreveport, La., and devoted himself to caring for yellow fever patients. After a time he was himself stricken with the fever, and this so weakened his general health that he found himself unable to perform the duties of his immense diocese, and he therefore resigned the office.

Good Place for Bunions.

A friend of mine has a house-maid who is given to asking the meaning of the hard words she meets in her reading. Last week she was told that "kismet" meant "fate." Some time after her mistress found her in the servants' hall in evident pain, and said: "Why, Maggie, what can be the matter with you?" "Sure, ma'am," was the answer, "I'm almost distracted with the bunions I have on both me kismets."

A Prize of \$100,000

is a good thing to get, and the man who wins it by superior skill, or by an unexpected turn of fortune's wheel, is to be congratulated. But he who escapes from the clutches of that dread monster, Consumption, and wins back health and happiness, is far more fortunate. The chances of winning \$100,000 are small, but every consumptive may be absolutely sure of recovery, if he takes Dr. Pierce's Golden Medical Discovery in time. For all scrofulous diseases (consumption is one of them), it is an unfailing remedy. All druggists.

MATCH-MAKING mamma going away for the summer months naturally took their daughters to the Grand Union—*Harper's Bazar.*

CONSUMPTION, Wasting Diseases, and General Debility. Doctors disagree as to the relative value of Cod Liver Oil and Hypophosphites: the one supplying strength and flesh, the other giving nerve power, and acting as a tonic to the digestive and entire system. But in Scott's Emulsion of Cod Liver Oil with Hypophosphites the two are combined, and the effect is wonderful. Thousands who have derived no permanent benefit from other preparations have been cured by this. Scott's Emulsion is perfectly palatable and is easily digested by those who can not tolerate plain Cod Liver Oil.

"How is the furnace fire this morning, John?" "Well enough to be out, I think, your honor!"

How to Reduce Your Expenses. You can do it easily, and you will not have to deprive yourself of a single comfort; on the contrary, you will enjoy life more than ever. How can you accomplish this result? Easily; cut down your doctor's bills. When you lose your appetite, and become bilious and constipated, and therefore low-spirited, don't rush off to the family physician for a prescription, or, on the other hand, wait until you are sick abed before doing anything at all; but just go to the druggist's and for twenty-five cents get a supply of Dr. Pierce's Pleasant Purgative Pellets. Take them as directed, and our word for it, your unpleasant symptoms will disappear as if by magic, you will have no big doctor's bill to pay, and everybody interested (except the doctor) will feel happy.

The dissipated actor who lives in a garret has some cause to rail at dram-atic art.

Old pill boxes are spread over the land by the thousands after having been emptied by suffering humanity. What a mass of sickening, disgusting medicine the poor stomach has to contend with. Too much strong medicine. Prickly Ash Bitters is rapidly and surely taking the place of all this class of drugs, and in curing all the ills arising from a disordered condition of the liver, kidneys, stomach and bowels.

There is sex in fruit; haven't you heard of a mandarin?—*Texas Siftings.*

The great substitute for Sulphur-Baths, Glenn's Sulphur Soap is inexpensive. Hill's Hair Dye, Black or Brown, 50c.

Horse racing is an enter-prizing occupation.

A HOTEL horror—flies in the soup.—*Hotel Mail.*

Owne to their entire freedom from injurious drugs, "Tanilla's Punch" Sc. Cigars are the most popular in the world.

Love for labor is an acquired taste. The average man was born lazy.

She Couldn't Understand It.
"What in the world has happened to you since the last time I saw you?" asked one lady of another when they met on the street the other day. "I can't understand it. Then you were pale, haggard and low-spirited, and I remember you said that you hardly cared whether you lived or died. To-day you look ever so much younger, and it is very evident from your beaming face that your low spirits have taken flight." "Yes, indeed," was the reply, "and shall I tell you what drove them away? It was Dr. Pierce's Favorite Prescription. I was a martyr to functional derangement until I began taking the 'Prescription.' Now I am as well as I ever was in my life. No woman who suffers as I did, ought to let an hour pass before procuring this wonderful remedy."

SOME flashes of lightning are believed to reach a length of ten miles.

RELIEF is immediate, and a cure sure. Pilo's Remedy for Catarrh. 50 cents.

The best and surest Remedy for Cure of all diseases caused by any derangement of the Liver, Kidneys, Stomach and Bowels. Dyspepsia, Sick Headache, Constipation, Bilious Complaints and Malaria of all kinds yield readily to the beneficent influence of

Best Cough Syrup. Tastes good. Use in time. Sold by druggists.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indecisibly miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "grogginess," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in, and sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery cures all humors, from a common Blotch, or Eruption, to the worst Scrofula, Salt-rheum, "Fever-agoes," Sealy or Rough Skin, in short, all diseases caused by bad blood, and are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Itchy Sores and Swellings, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE." Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alternative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.
For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00. Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,
World's Dispensary Medical Association,
663 Main St., BUFFALO, N. Y.

KO-KO TULU,

The Best Medicine in the World, and a DELICIOUS CHEWING GUM. (Registered Label and Trade Mark.)
